Authorization for this examiner's amendment was given in a telephone interview with Raymond Agustin on 9/4/07.

In order to correct the dependency of the claims, the application has been amended as follows:

Claim 15, line 2, "claim 1" is changed to --claim 21 --.

### ***Reasons For Allowance***

2. The following is an examiner's statement of reasons for allowance: The primary reason for allowance of the claims is that prior art neither teach nor fairly suggest the particular of the vibration measurement device as appears in the independent claims 17, 19, and 21. Major emphasis is being placed upon the provision of "measuring characteristics" of a "struck material" from the "vibration measurement" of "striking member", in combination with other limitations of the said independent claims and their dependent ones.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
